# TEAM 10 - STUDY BUDDY
USER MANUAL

When the application is first launched, the below is displayed first.

This the login page. If the user is already registered, he/she can login. Else, they must register.
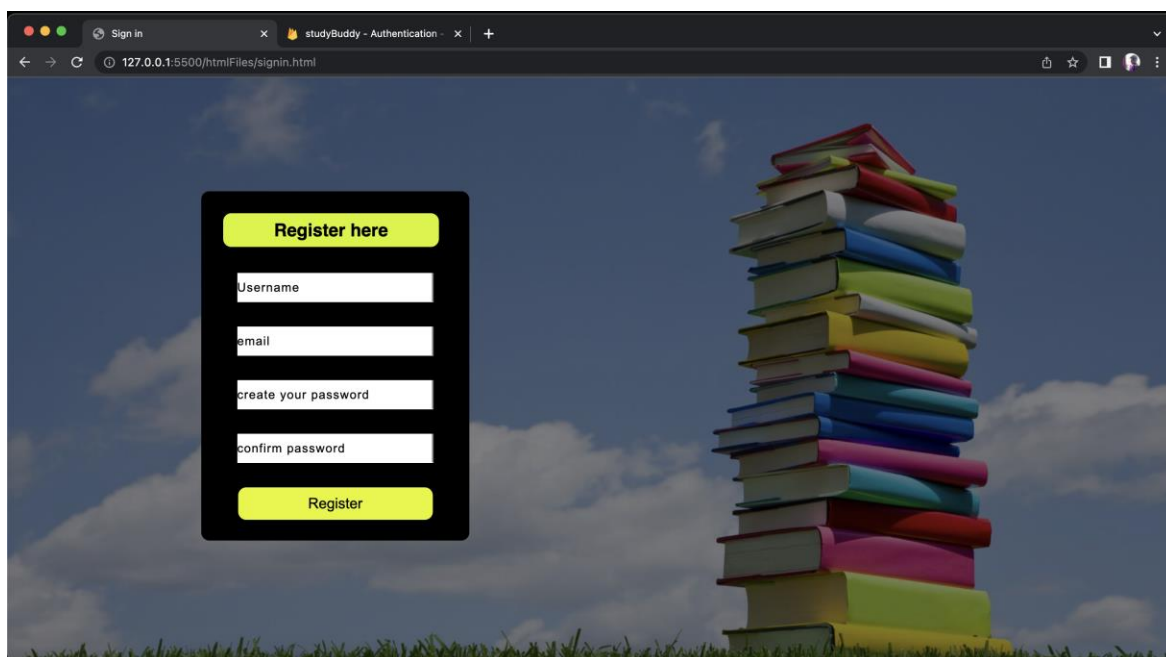

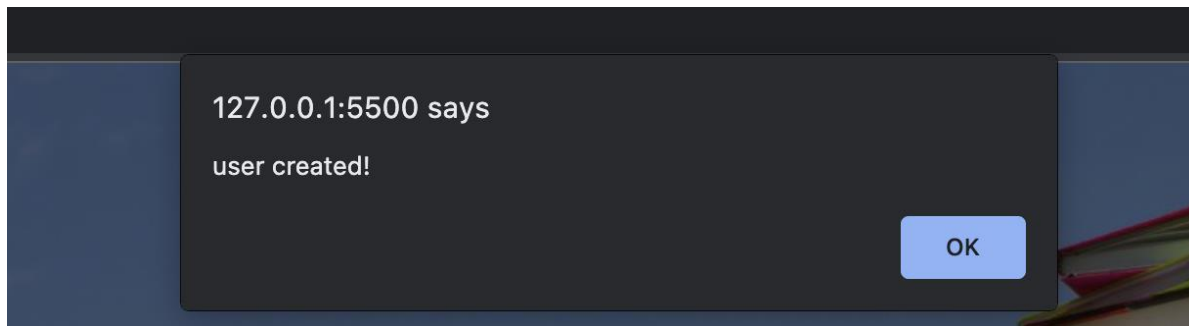

Login page

Registration

To register the user must click on sign in

Once the user has clicked on registration the below page is displayed, and the user must enter his/her username, email and create a password which is at least 6 characters.

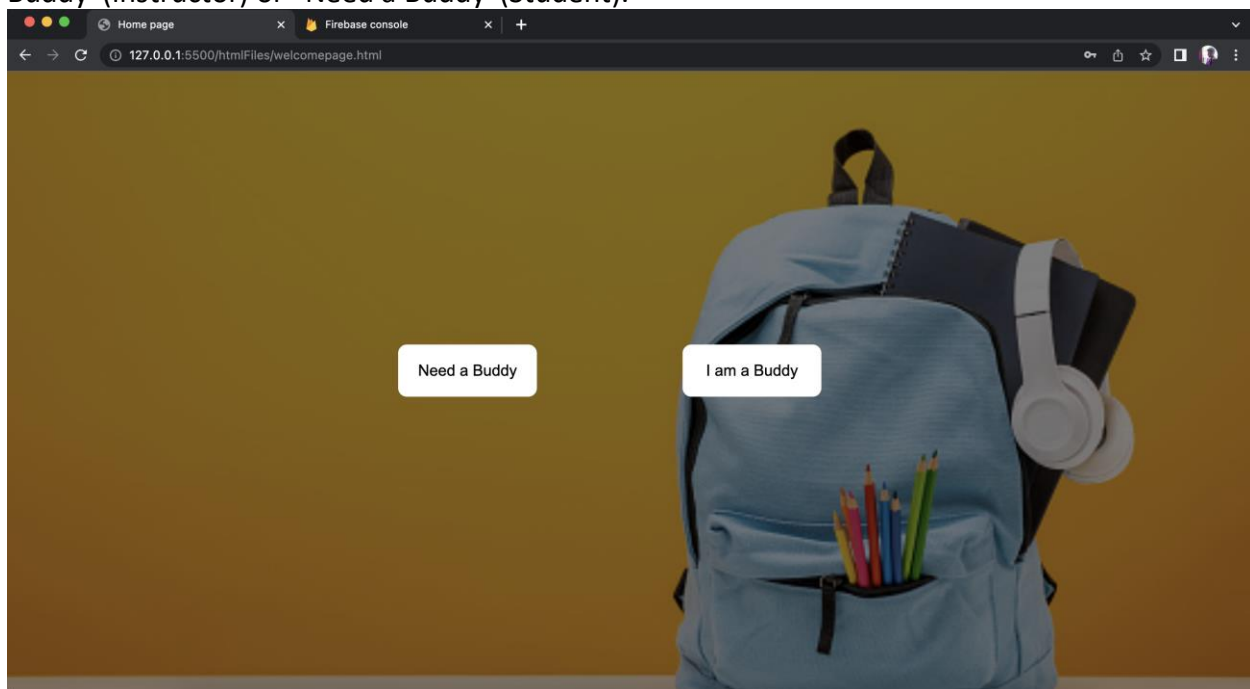

Once the user creates their account successfully, the below is shown and the page is redirected to the login page.

127.0.0.1:5500 says

user created!

OK

Once the user has logged in the below message will be displayed in the login window.

After logging in the user will be redirected to the page where they have to select "I am a Buddy"(instructor) or "Need a Buddy"(Student).

The instructor enters his/her details in the "I am Buddy" Page.

Similarly, the student must fill the "Need a Buddy" page. If there is a match. The instructor details will be displayed, else a message is shown saying "no available instructors" but will display all the other instructors' details.

Need A Buddy 🥺
